

It's not often that you are offered money to cut your energy bill. **West Virginia's Lighting for Business Program** can help your facility save even more when you apply for cash incentives before you install new lighting.

What's in it for me?

- Save energy and money month after month for the long term
 - Re-allocate money saved into other projects
 - Increase customer and employee comfort, satisfaction and productivity with high-quality lighting
 - Enhance your businesses' reputation and marketability as a leader in energy efficiency and sustainability
-

Pre-approval is required so apply before you buy!

View our [Quick Reference Card](#) for current incentives and program rules.

Who should apply?

Commercial, industrial, municipal and non-profit customers of Potomac Edison and Mon Power with eligible interior and exterior lighting projects (i.e., garages, parking lots, etc...)

How to Apply?

Send an email to energysaveWV@leidos.com to request free online AMPLIFY training. We encourage users with existing AMPLIFY logins to attend another training session due to recent updates.

What are you waiting for? Call us today at (866) 563-5966 or email energysaveWV@leidos.com with any questions.

Need help? Call or email an energy specialist today.

West Virginia's Energy Efficiency Incentive Programs are being offered in accordance with legislation to help meet West Virginia's goals to reduce both electricity usage and peak demand while encouraging customers to save energy and money. For more information visit www.energysavewv-business.com, call 1-866-563-5966 or email energysaveWV@leidos.com with any questions. Incentives are available on a first-come, first-served basis.
